

Sound Guide for PMDG 737NG – 2005

Av Tom Knudsen © 2005

Requirements:

Microsoft Flight Simulator 2004

PMDG – 737 series - <http://www.precisionmanuals.com/>

Any kind of Win Zip program

Information

This guide is meant to be a helping amendment to users that wants to get a bit more out of his or hers sound environment in Flight Simulator 2004 and PMDG 737NG aircraft add-on.

It is adjusted to the level of novice experience and understanding of basic knowledge of internet and windows.

Installation:

First of all you need to be a member of [Avsim.com](http://www.avsim.com) – If you are not a member, please register [here](#)

Download these two files

<http://library.avsim.net/download.php?DLID=56237> 737NG Base pack 52MB

<http://library.avsim.net/download.php?DLID=56985> 737NG Enhancement 12MB

Extract the first file

Cut and copy the files included in the zip and paste it into the

C:\Programfiles\Microsoft Games\Flight Simulator 9\Aircraft\PMDG 737-700\sound folder

Overwrite everything

Extract the second file

Cut and copy the files included in the zip and paste it into the

C:\Programfiles\Microsoft Games\Flight Simulator 9\Aircraft\PMDG 737-700\sound folder

Overwrite everything

Download then this file

<http://www.flightsim.no/cgi-bin/file/download.cgi?ID=3699>

Extract the file

Cut and copy the content of the folder 737NG

Locate the c:\Programfiles\Microsoft Games\Flight Simulator 9\Sound\PMDG\737tng folder

Paste the content of the file you downloaded into this folder overwriting everything if you get any questions about that.

Download this file

<http://www.tknudsen.com/download/files/trksound.zip>

Extract it and copy the content into the c:\programfiles\Microsoft Games\Flight Simulator 9\Aircraft\PMDG 737-700\sound folder overwriting the files there.

That's it... Off you go and enjoy the new sounds

Many thanks to the incredible makers off these sounds.

Des Braban for his 737NG basic sound packages and the 737NG Enhancement

Agnor Bertheussen for his real like sound packages

The gear down sound is remade by me and it is a merge between Des Braban's sound and Level-D's gear sound.
